

Wakefield's Mat Lineup To Be Juggled

JAN 23 1955

Coach Vic Blue plans a little juggling before tomorrow afternoon's 3:30 p.m. wrestling match with a visiting Suitland team.

Jim McIntosh, who grapples in the 175 pound class, is another of Wakefield's many athletes recently falling victim to a flu epidemic and whether or not he'll be on hand for the affair is a question mark. No possible substitute has been named yet.

Wakefield will depend on the first three men to take the mat, all undefeated, to run up an initial lead as Howard Sutton, Doug Miller and Ronnie Heinimann are all set to go.

Chuck Warner is expected to replace Bill Rudgers in the 133 division although this change is not definite.

Jerry Hand has peeled off seven pounds and will go on the canvas weighing 138. Last week he was in the 145 pound class. Coach Blue feels that Hand may improve in the lighter listing so the lad will carry out the experiment tomorrow.

John Wood or Jim Edwards will fill in at the vacant 145 pound spot.

Joe Patalive is another undefeated tussler Blue is depending on to bring him the school's first mat victory. Joe weighs in at the 154 pound level. Joe will be team captain for this contest.

Burke Mucho will probably take over for Jim McIntosh, another flu victim, in the 175 pound match.

Porky Pennell is a talented lad that would normally tangle in the 175 pound division but Blue's need for a heavyweight prompted the 180 pound youngster to stay in the unlimited class. Porky looks like a grade school boy beside the young giants he finds himself locking horns with but the cocky lad sports a respectable personal record of 1-1.
